Services

PLANNING

Conceptual design, cost estimates and schedules are provided to facilitate the project's completion on-time and within budget.

DESIGN

In-house architects and partner firms specialized in a variety of industries to provide innovative designs to meet our client's needs and financial requirements.

DEVELOPMENT

Expertise in obtaining municipal approvals and facilitation of the appropriate financing structure provided.

CONSTRUCTION

Our design-build process provides our clients high quality, cost efficient construction, delivered on-time and in budget.

OWNERSHIP

A variety of flexible ownership options available to suit our client's needs.

MANAGEMENT

Professional property management services tailored for each client's requirements.

Founded in 1973, BBL is a fully diversified Design-Build, General Contractor, and Construction Management firm with annual construction sales in excess of \$400 million. BBL is a leader in the construction industry, ranking among the nation's Top 400 Contractors in ENR (Engineering News Record) magazine.

We employ over 300 highly talented and experienced construction, design and management professionals in the industry. Our knowledge and expertise allows us to deliver real-world construction solutions, saving our clients time and money and assuring them the highest quality construction and a successful project.

BBL is a privately held company with over four decades of experience as a design-builder, general contractor, and professional construction manager. We deliver a wide variety of construction projects including office, municipal, hospitality, commercial, medical, and heavy construction projects.

Over the past several decades, BBL has constructed/renovated more than 40 hotels in excess of 3.6 million square feet of hotel space and over 5,600 rooms. We maintain strong brand partnerships and continue to work with award winning national franchises such as Marriott, Hilton, and Intercontinental Hotels.

BBL has built a reputation as an industry leader. Our history of success is a result of our solid commitment to quality and an established record of delivering projects on-time and in-budget. Whether it is from our corporate office in Albany, New York or our regional office in Charleston, West Virginia, all our clients receive the same professional service and high-quality construction.

The landmark DeWitt Clinton Hotel on State Street in downtown Albany underwent major renovations and was transformed into a Renaissance by Marriott. Built in 1927, the 11-story hotel was named after former New York governor DeWitt Clinton. The renovations have preserved a historically significant piece of architecture that dates back decades. Located across from the State Capitol, the Renaissance Albany offers intimate meeting space for private events, 203 rooms, a full-service restaurant open to the public, lounge, coffee shop, and a 300 car attached parking garage.

Courtyard Schenectady at Mohawk Harbor

Schenectady, New York

Albany Medical Center selected BBL to develop a seven story hotel on its campus. The 97,200 square foot facility includes 129 guest rooms with a restaurant and retail space on the ground floor. The hotel also boasts a glass enclosed pavilion with a dining area, breakfast bar and kitchen which serves both the hotel banquets and dining area. Additional amenities offered in the hotel include conference rooms, an indoor pool, exercise room, and several rooms dedicated for the Hospital's use.

Albany Medical Center recognized the need for this facility to provide accommodations for out of area patients and their families, accommodations for students and families visiting the Albany Medical College, venues for academic, medical and/or business conferences and general hospitality use for other area colleges including the Sage Colleges, Albany School of Pharmacy, and Albany Law School.

Excelsior Springs Banquet & Conference Facility Saratoga Springs, New York

SQUARE FOOTAGE
55,000

DELIVERY METHOD
Design-Build

Due to the high demand for group meetings in Saratoga Springs, BBL saw an opportunity to expand on the success of the Courtyard Marriott and build an adjacent ballroom and meeting space on the lot next to the existing hotel. The Excelsior is perfect for meetings, special events, and weddings. The Excelsior project expands the meeting capacity of the hotel allowing the hotel to accommodate larger groups resulting in an increase of more profitable guest-room sales.

Six Flags Great Escape Lodge & Indoor Water Park

Queensbury, New York

SUITES
200

BBL partnered with Six Flags, Inc. to develop and construct this 200 suite hotel and 38,000 sf indoor water park. This Adirondack-style Lodge features an expansive lobby with exposed wood beams and a dramatic floor to ceiling stone fireplace. It also includes more than 6,500 square feet of meeting and banquet space, a fitness center, an arcade, a snack shop, two gift shops, and a spa. The hotel's signature attraction, White Water bay, an indoor water park, boasts eight recreation areas including a multi-level play structure.

The facility opened in February of 2006 and is located across from the Great Escape Theme Park. Six Flags Great Escape Lodge and Indoor Water Park is the only indoor water park in New York State making it a premier destination for theme park visitors and tourists of the Lake George area.

SpringHill Suites by Marriott at Old Dominion University Norfolk, Virginia
